2. Events situation

■ Morning part (Kaizen Presentation~Award)

Kaizen presentation and awards were carried out in the morning part. 6 overseas sites and one domestic department presented the Kaizen presentation. In the announcement of overseas sites there were teams that introduced cultures such as movies and dance performances.

2. Events situation

■ Afternoon part

Science Experiment showing the kids how to "grab water" at the science experiment corner.

Photo taken in huge bubble with an anxious child.

An exhibition section such as products, company history and introductions of overseas sites.

Pepper-kun which is robot with AI came to play.

Operate the robot arm and catch capsule!

A tea party experience was held in the Japanese style room.

2. Events situation

■ Afternoon part

In the food court, fried noodle, Hot Dogs and pork miso soup was served by union members.

Challenge pipe bending! Toy guns were made with bent pipes for play.

Azulclaro Numazu came again this year. Congratulations on promotion J3.

Experience corner of a healthcare machine that measures the health index of each person.

Huge cardboard maze. Those who finished got treats.

Craft experience. The children were working on craft seriously.

2. Event situation

■ Afternoon part

Performance of Japanese drums by the performing arts club of Izu Sogo High School. It was very powerful.

Magic show by Mr. YOHEY. Everyone was staring at a mysterious sight.

A cheerful clown appears on the plaza! Showing off balloon art.

A pedometer game by the General Managers who are proud of each department.

Unfortunately it was raining, but many people came to the festival.

At the last lottery, guests were excited with the wonderful prizes.
